

Remarks

Enclosed herewith is a new Power of Attorney signed by the inventor Harry Wong appointing CHARLES C. LOGAN II as his representative to prosecute the patent application before the USPTO.

Also enclosed is a credit card form authorizing payment of \$100 for an extra independent claim.

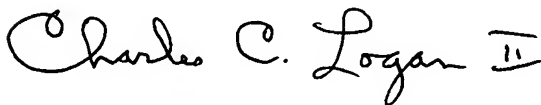

The Examiner's reason for rejecting claim 1 has been carefully reviewed. The Scafaro US patent has been reviewed. Claim 1 has been canceled. Claims 2-6 have been canceled.

New claims 7-11 have been added. The Examiner has stated that claims 2-6 contain allowable subject matter and that they would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. New claims 7-11 are previous claims 2-6 written in independent form and include all of the limitations of the base claim and any intervening claims. These claims are therefore believed to be in allowable form.

If for any reason the patent application is now not in allowable form, it is requested that the Examiner telephone applicant's attorney at 619-463-1675.

Since all of the claims now remaining in the patent application are now believed to be allowable, early allowances respectfully solicited.

Respectfully submitted,

CHARLES C. LOGAN II,
